**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Melvin Kraus on 11/24/2004.
3. The application has been amended as follows:
  - a. In the claims:
    - i. In claim 16, last line of the claim the period “.” has as been deleted and the following has been added

“; and wherein a predetermined direction of mounting of said plurality of laser chips with respect to one another extends substantially perpendicular to the tracking servo direction.”
  - b. In the Abstract:
    - ii. The abstract has been replaced by:

iii. -- An optical head in which a plurality of semiconductor laser chips are adhered on a mount surface perpendicular to the tracking servo direction of a focusing lens. Fluctuation of an optical spot power is reduced even if the tracking servo is performed by the optical head having dispersion of an inner surface direction when a plurality of the semiconductor laser chips are mounted. In Fig. 1, a plurality of the semiconductor laser chips 4a and 4b are arranged so as to have a mounting direction which is substantially perpendicular to the tracking servo direction of the focusing lens. --

***Allowable Subject Matter***

4. Claims 1-10 and 16 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Applicant's claimed invention is deemed allowable over the prior art of record as the prior art of record fails to teach or suggest either alone or in combination; specifically wherein the **predetermined direction of mounting** with respect to one another of the semiconductor laser chips **mounted on an identical surface, extends substantially perpendicular to the tracking servo direction.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
